

## Digital Video Arts 2

### Audio Assignments and Due Dates

#### Editing Pauses

**15 points**

Edit the pauses out of the speech (provided). If that's too easy, then twist around the words so they say something else... Make a quicktime & turn in to Netware Browser. Due \_\_\_\_\_.

#### Sound Effects

**15 points**

From scratch, create 3 specific sound effects, with 2 versions of each. (for example, a train whistle with a long and short version) I highly recommend you try for 6 or 8 and pick the best. Turn in your sound effects to the Netware Browser (with graphic telling us what it's supposed to be) by \_\_\_\_\_.

Grid for grading Sound Effects:

Name: \_\_\_\_\_

Graded by: \_\_\_\_\_

Sound Effects		no distortion (clear)	no background noise	full duration	realistic sound	
sound 1	version 1					turned in on time?
sound 1	version 2					saved as an aiff file?
sound 2	version 1					A 23 or more boxes checked
sound 2	version 2					B 20 or more boxes checked
sound 3	version 1					C 18 or more boxes checked
sound 3	version 2					D 15 or more boxes checked
